SURE – Seal

Laser Marked:

- **Unique branding** e.g. Company logos, serial numbers etc.
- **Virtually impossible to forge or copy** versus traditional hot foil printing.
- Numbering is **electronically controlled** ensuring **no duplication of serial numbers!**

Gripping prongs:

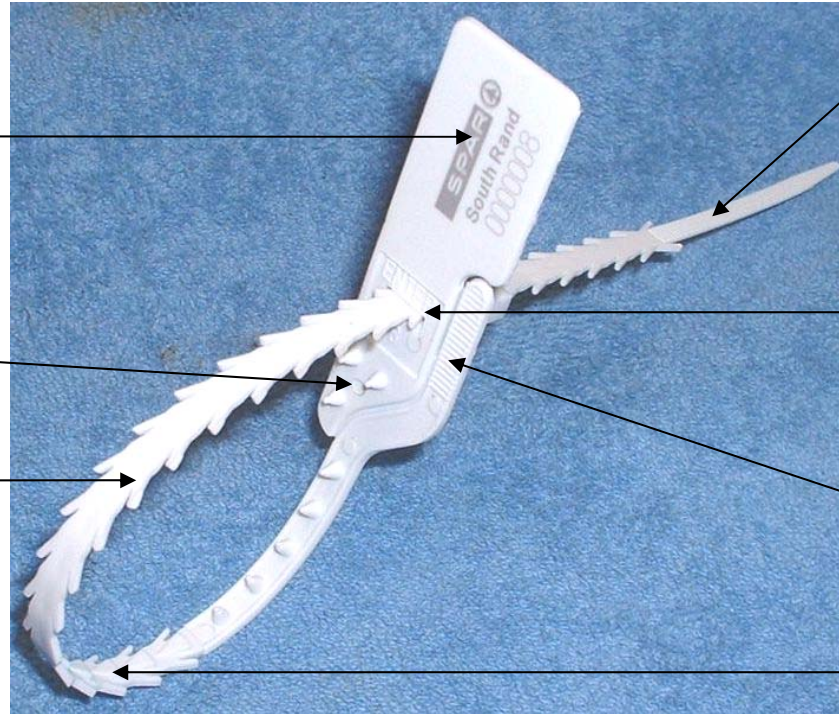

- For sealing of bag applications

Strap:

- Available in **230mm** and **310mm** Lengths
- **8,5mm** wide narrowing to **6,5mm**
- Adjustable: simply pull the tail through the locking chamber to the desired length.

Applications include:

- Trucks, Tankers, Doors, Gates, Cages
- Boxes, Containers, Trolleys, Drums, Valves
- Courier bags, Sacks
- Fire hoses **and many more!**

Tail:

- Reverse tooth: on “tail” ensures correct closure
- Serrated tip for better grip

Locking Chamber:

- **3 Solid teeth** ensure
- maximum security

Tear off feature:

- Easily removable, no need for cutting tools!

Teeth:

- Main tooth on width of strap
- Flexible side teeth on both sides of strap offer added locking strength, as well as evidence of tampering

Colours: Various colours available
