

Fire Seal

Laser Marked:

- **Unique branding** e.g. Company logos, serial numbers etc.
- **Virtually impossible to forge or copy** versus traditional hot foil printing.
- Numbering is **electronically controlled** ensuring **no duplication of serial numbers!**

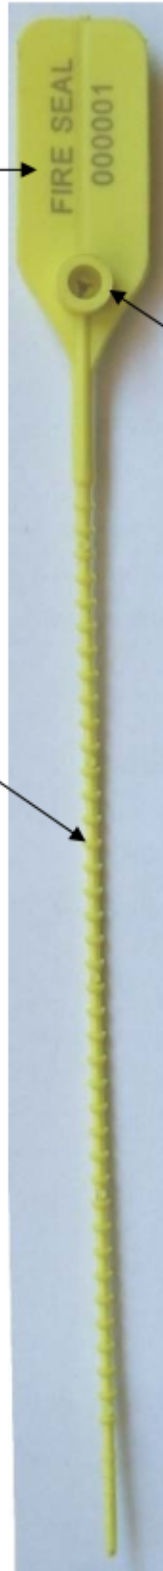

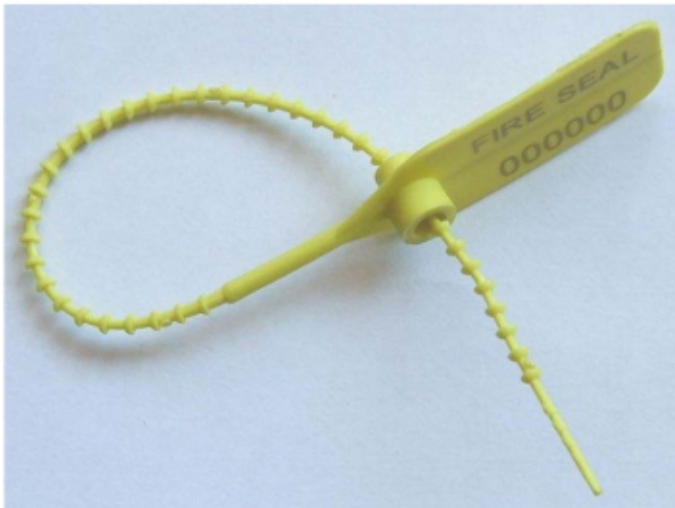

Strap:

- **200mm long, 2.6mm wide**
- Adjustable: simply pull the tail through the locking chamber to the desired length.

Applications include:

- Fire Extinguishers
- Emergency equipment

Sealed Fire Seal

Locking Chamber:

- Teeth in locking chamber are "in-line" with flag to prevent tampering

Colours: Various colours available
